SURE DEATH
—TO—
Insects of all Kinds,
Is the result of the use of
Dalmatian Insect Powder,
which is SAFE to use and HARMLESS to human life. A few puffs of the dust blown into the air of a room with the doors closed directed towards those parts where flies are congregated, will stupefy and kill them in a very short time. Our constantly increasing sales convinces us that a single trial according to directions will establish this fact.

A BRAVE LADY!

She Endures the Pain of a Severe Surgical Operation Without Taking Chloroform.

(From the Courier)

Mrs Schoonmaker, of Creek Locks, Ulster Co, N Y, had the misfortune to entirely lose the sight of one of her eyes through an accident, and endured painful inflammatory action therein for two long years —the other eye finally becoming sympathetically affected her general health seriously suffering indeed she was a mere wreck, a walking skeleton In this terrible strait, she consulted Dr David Kennedy of Rondout New York, who told her at once that the injured eye must be removed She quietly but firmly said "All right, Doctor but don't give me chloroform Let my husband sit by my side during the operation and I will neither cry out or stir The work was done, and the poor woman kept her word. Talk of soldierly courage This showed greater pluck than it takes to face a hundred guns To restore her general health and give tone and strength to the system, Dr Kennedy then gave the "Favorite Remedy" which cleansed the blood and imparted new life to the long suffering woman She rapidly gained health and strength and is now well The "Favorite Remedy" is a priceless blessing to woman No family should be without it Your druggist has it If not, send to Dr David Kennedy, Rondout New York oct d&wlm

An Auburn man had a sorry skirmish with a skunk, Friday night. About half past ten o clock, he thought he heard the sound of a robber prowling in his chickens' quarters He robed himself, took an aged revolver in one hand, a lantern in the other, and with his dog, proceeded stealthily in the direction of his hen coop On the way, he and the dog managed to collide with a pair of steps, and smash the lantern making noise enough to give any prudent chicken thief the signal for a retreat, and leaving him in darkness. He clutched his revolver and groped along in the direction of a noise which he thought was made by the retreating thief In the next act he and the dog got afoul of a very lively skunk The dog got the worst of it, but the man buried his clothes next day He claims that he succeeded in capturing the animal and battered his head until he was a dead skunk

SLEEP There is no fact more clearly established in the physiology of man than this, that the brain expends its energies and itself during the hours of wakefulness and that these are recuperated during sleep, if the recuperation does not equal the expenditure the brain withers this is insanity Thus it is that in early English history persons who were condemned to death by being prevented from sleeping, always died raving maniacs thus it is also that those who are starved to death become insane; the brain is not nourished and they cannot sleep The practical inferences are three

1st Those who think most, who do most brain work, require most sleep.

2d That time "saved" from necessary sleep is infallibly destructive to mind, body and estate

3d. Give yourself, your children, your servants, give all who are under you the fullest amount of sleep they will take by compelling them to go to bed at some regular, early hour, and to rise in the morning the moment they *awake of themselves*, and within a fortnight nature, with almost the regularity of the rising sun, will unloose the bonds of sleep the moment enough repose has been secured for the wants of the system. This is the only safe and sufficient rule, and as to the question how much sleep any one requires, each must be a rule for himself, great nature will never fail to write it out to the observer, under the regulations just given —*Hall's Journal of Health.*

"A Newspaper Man's Sad Fate" is the title of a touching article which we did not read. We suppose it is the old, old story of some editor who married a girl, and then the old man refused to lift the mortgage on his son-in-law's office.—*McGregor News.*

WEDNESDAY, NOV. 3, 1880.

VICTORY!

The great battle has been fought and won! The Solid North has again saved the Republic! We have escaped a fearful peril and the country will breathe free again as the grand old banner of the Republican party swings out triumphantly in this morning's breeze announcing the choice of JAMES A. GARFIELD and CHESTER A. ARTHUR as the next President and Vice President of the United States

In this thrilling hour of magnificent victory we cannot stop to enumerate the details Suffice it that the Republicans have chosen at least two hundred of the Presidential Electors and probably carried every Northern State

Maine has been restored to the Republican column by a handsome majority and Bangor has covered itself with honor by a splendid gain of nearly three hundred since September.

The victory is complete and overwhelming and every lover of his country will rejoice to peruse the glad tidings in our telegraphic columns.

Without attempting comment or reference to minor results this morning THE WHIG AND COURIER joins with the jubilant Republicans of Maine in ringing out three time three huzzas for our superb triumph!

A CONTRAST

[From the N Y Tribune.]

Compare the course of the two Presidential candidates during the campaign General Hancock has kept himself shut up within the walls of a military post, General Garfield has been accessible to every one who called at his farm house. General Hancock has carefully abstained from saying anything that could get into print, General Garfield has talked off hand and with the utmost freedom from restraint to all sorts of individuals and delegations, never stopping to think whether a stenographer was taking down his words to spread them before the country next morning Yet in all the speeches the Republican candidate has made—speeches to delegations of soldiers, of workingmen, of young voters, of women, of business men of students and of neighbors—there has not been a sentence that has not borne the test of cold print and the hostile scrutiny of his political opponents. One candidate has kept his mouth shut because he was afraid to say anything, or had nothing to say, the other has given frank expression to the thoughts suggested by the friendly visits of multitudes of people representing various classes and interests, and in no case have his words failed to justify the high opinion formed of him by the American people as a man of ideas, statesmanship and lofty patriotism. No single sentence has been printed to his disadvantage Every speech has been a fresh illustration of his breadth of view, his elevation of thought, and his solid good sense

Take, also, the matter of letter-writing General Hancock tried his hand at it Everybody knows the result It was so lamentable that one of his chief newspaper supporters advised him to return his goose-quill to the original goose Few public men carry on so extensive a correspondence as General Garfield. It has always been his custom to answer all letters that come to him, and he has kept up this custom as far as possible since his nomination He has written hundreds of letters since the canvass began, and many of them, no doubt, have gone to persons who would not have scrupled to use them to his detriment if they were capable of such use. Has anything appeared from his pen that has damaged his candidacy? Not a line

Apart from the wide differences in the ideas, traditions and parties represented by the two men, what is the reason that the one has grown stronger as the canvass advanced, while the other has grown weaker every day since his nomination? It is because General Garfield is a man of brains and courage and self-poise and thorough training in statesmanship, while General Hancock is merely a good looking soldier, seeking in the field of politics to set up the cause he helped overthrow on the field of battle

Mr Barnum's efforts to sustain his former are worse than fruitless, because they place him in Philp's place except in the present prosecution.

The New York *Sun* speaks of "Mr English, a banker of Indiana, more recently known as the Democratic candidate for Vice President, for foreclosing numerous mortgages"

The vote in Bucksport, yesterday, was not quite up to that of September as many of the voters are at sea. The Democrats simply maintained their ground without making any gains.

NOT A "LOCAL ISSUE."

GEN. GARFIELD'S LETTER OF ACCEPTANCE.

"In reference to our Customs laws a policy should be pursued which will bring revenues to the Treasury, and will enable the labor and capital employed in our great industries to compete fairly in our own markets with the labor and capital of foreign producers. We legislate for the people of the United States and not for the whole world; and it is our glory that the American laborer is more intelligent and better paid than his foreign competitors. Our country cannot be independent unless its people, with their abundant natural resources, possess the requisite skill at any time to clothe, arm and equip themselves for war, and in time of peace to produce all necessary implements of labor."

AUGUSTA, Me., Nov. 2.

To C. A. BOUTELLE.

Augusta congratulates Bangor. Kennebec sends greetings to Penobscot on an increased vote. Augusta gains forty-five and the county over five hundred. We have probably carried the State by five thousand. J. H. MANLEY, Chairman County Committee.

A Despatch From Senator Blaine.

AUGUSTA, Nov. 2.—6 P. M. Senator Blaine has sent the following despatch over the wires:

Gen. James A. Garfield, Mentor, Ohio:

Maine has given you a handsome majority over all opposing tickets. Will send details later. (Signed) J. G. BLAINE.

AUGUSTA, Me., Nov. 2. Senator Blaine sent at 11 o'clock the following despatch to General Garfield:

AUGUSTA, Nov. 2, 1880.

To General Garfield:—The vote in Maine to-day is probably the largest ever cast in the State. It may possibly reach one hundred and fifty thousand, and this from a total population of six hundred and fifty thousand. Your plurality will be more than five thousand, and your majority over all will probably exceed four thousand. These are deductions from returns received from two hundred towns. Accept my sincerest congratulations upon your triumphant and deserved election.

(Signed) J. G. BLAINE.

PORTLAND, Nov. 2. One hundred and eighty towns give Garfield 49,498; Fusion, 40,572; Weaver, etc., 1,482. Same in September, Republican, 47,116; Fusion, 42,164; scattering, 356. Republican majority now, 7,444, against 4,596 in September; Republican gain, 2,848. The towns to come gave in September, Republican, 26,489; Fusion, 31,675; scattering, 124. This indicates a vote of 150,000 and a Republican majority of 4,000.

A Madman.

[Special to Whig and Courier, Bangor.]

CASTINE, Me. Nov. 2. Joseph Hackett bets A. Hooper nine hundred dollars to twenty-five cents that Hancock wins. S.

Knox County.

ROCKLAND, Nov. 2. Nine towns in Knox County give Garfield two thousand and sixty-seven, Hancock, twenty-seven hundred and twenty-nine. The same towns in September gave Davis two thousand ninety; Plaisted three thousand two hundred and sixty-two, showing a Republican net gain of one hundred and twenty-five on the State election. The returns from remaining towns and plantations cannot be obtained to-night.

Kennebec County.

AUGUSTA, Nov. 2. All but a few places in Kennebec County have been heard from, and all give Republican gains, so that the total gains in the county over the September vote will foot up seven hundred and twenty-five, which will make the Republican majority in the county some two thousand five hundred.

The Recapitulation.

PORTLAND, Nov. 2. Two hundred and two towns give Garfield 51,892, Fusion 42,810, Weaver and scattering 1,764. The same towns in September, Republican 50,093. Fusion 45,314, Scattering 382. Republican majority now, 7,318, against the same towns in September 4,397; being a Republican gain of 2,921. The towns to hear from gave in September, Republican, 23,512, Fusion 28,525, scattering 93. The Republican vote has increased three and three-fifths per cent., while Fusion has fallen off five and one-half per cent. If the same proportion holds the Republicans should have a little over 76,000, the Fusionists a little under 70,000, and Weaver and Dow a little over 2,000. The total vote in September stood, Republican 73,609, Fusion 73,839, scattering 480; an aggregate of 147,924. This will be increased a few hundreds and Garfield will have about 4000 clear majority over all. The cities and large towns show an increased vote. The small towns a decrease. In 1876 the vote stood, Hayes 66,300, Tilden 49,913, scattering 824; a majority of 15,563.

NEW HAMPSHIRE.

CONCORD, Nov. 2. The Presidential vote for ten towns give Garfield 1,027, Hancock 1,247. The same towns in 1876 gave Hayes 1,635, Tilden 1,204; net Republican loss 47. Gubernatorial vote for ten towns, Bell, Rep., 1,606; Jones, 1,250, scattering 11. The same towns in 1876 gave Head, Rep., 1,434; McKean, Dem., and others, 1,226. Net Republican gain 141.

CONCORD, Nov. 2. One hundred towns give Garfield 1,660 majority; Bell, Republican, for Governor, 1,090 majority.

Chairman House of the New Hampshire State Republican Committee claims the election of Bell, Rep., for Governor, and Republican candidates for Congress in the second and third districts. First district in doubt.

CONCORD, Nov. 2. The Republican majority in the State will between 2,000 and 2,500. All indications point to the election of three Republican Congressmen, in the First, Second and Third Districts. The Railroad Commissioners elected are all Republicans. The Council will probably stand four Republicans, one Democrat; the Senate twenty Republicans to four Democrats.

SOUTH CAROLINA.

NEW YORK, Nov. 2. The following was received from the headquarters of the Republican Committee, Summerville, S. C:

Hon. M. Jewell: All the polls in Republican strong-holds closed against us in this election. Does this verify the democratic declaration of a free ballot and a fair count? Answer.

(Signed) W. F. MYERS.

COLUMBIA, S. C., Nov. 2. The Democratic State Committee claim the State for Hancock by 18,000 majority.

MASSACHUSETTS.

BOSTON, Nov. 2. Complete returns from the Third Congressional District give A. A. Raney, Rep., a majority of 757 over Dearborn, Dem. Returns from the Fourth Congressional District give F. B. Hayes a majority of 247 over Morse, Dem. This is a gain of one Congressman for the Republicans. All cities and towns of the Sixth District except five, give Stone, Rep., a majority of 2477 over Boynton, the Greenback-Democratic. Ninety-nine towns and wards in this State give Garfield 50,883, Hancock 37,299. The same towns in 1876, gave Hayes 45,967, Tilden 40,344. In the First District W. W. Crapo, Rep., is elected to Congress; in the Second District Benj. W. Harris, Rep., is elected to Congress. In the Fifth District S. Z. Bowman, Rep., is elected to Congress W. A. Russell, Rep., in the Seventh District, John W. Candler, Rep., in the Eighth District, W. W. Rice, Rep., in the Ninth District, Amasa Norcross, Rep., in the Tenth District, and Geo. D. Robertson, Rep., in the Eleventh District. Unless later returns materially alter the vote the Republicans have carried every Congressional district.

Later reports leave the sixth congressional district in doubt with the probabilities favoring the election of Stone, Republican.

The Herald says Morse, Dem., is elected to Congress in the fourth district by 115 plurality, while the Journal figures up a plurality of 294 for Hayes, Rep., his opponent. This leaves two districts in doubt.

BOSTON, Nov. 2. Only three or four arrests were made here to-day for illegal voting. One hundred and fifty-two towns and wards give Garfield 82,664, Hancock 58,859. The same towns in 1876 gave Hayes 75,116, Tilden 62,269. The Herald, which gave Morse, Democratic candidate for Congress, in the fourth district a majority over F. B. Hayes, Rep., now states that Hayes is elected by 140. It is said that a recount will be necessary to determine the result. There is no doubt of Stone's, Rep., election to Congress in the sixth district. This makes a solid Republican delegation to Congress, unless later returns change the result in the fourth district.

BOSTON, Mass. Nov. 2. The Republicans in the 4th district claim an error in the returns from Chelsea, which will give Hayes, Republican a plurality of five instead of electing Morse, Democrat.

BOSTON, Nov. 2. Delegation to Congress, ten Republicans, one Democrat. The Journal claims a plurality in Massachusetts of 40,000 to 50,000.

For Congressman in the 3d district, Ranney's plurality is 1136; in the 4th district Morse, Dem., has an undoubted plurality of 71.

BOSTON, Nov. 3. Returns up to 2 a. m., indicate a majority in this State for Garfield and Long of 50,000. The Legislature will stand 36 Rep., to 4 Dem., in the Senate, and 197 Rep., to 43 Dem., in the House.

FLORIDA.

JACKSONVILLE, Nov. 2. The indications now are that the Democrats have made a clean sweep of Florida. Garfield had majorities in only two out of nineteen precincts. Several strong negro localities are to hear from.

CONNECTICUT.

HARTFORD, Conn., Nov. 2. Forty towns give Garfield 10,302, Hancock 8,476; Republican net gain over 1876, of 1,198.

HARTFORD, Nov. 2. Sixty towns give Garfield 17,902, Hancock 15,283, scattering 322. Republican majority, 2,700.

NEW HAVEN, Nov. 2. Hancock has 2,000 majority.

HARTFORD, Nov. 2. Eighty towns give Garfield a majority of 262.

HARTFORD, Conn., Nov. 2. One hundred towns give Garfield a majority of 2,742. The Legislature is Republican, about the same as last year.

HARTFORD, Conn., Nov. 2. One hundred and twenty towns, give Garfield a majority of 3784. Republican gain 4546.

INDIANA.

INDIANAPOLIS, Nov. 2. In seventy precincts of Indiana there is a net Republican gain of eighteen.

Sixty voting places show a net Republican gain of 71.

INDIANAPOLIS, Nov. 2. In one hundred and ten towns the net Republican gain is five, indicating a Republican majority in the State of about the same as given for Porter at the October election.

INDIANA, Nov. 2. Three hundred and twenty precincts give a net Republican gain of thirty-six.

WISCONSIN.

MILWAUKEE, Nov. 2. Fifty-seven towns give a Republican majority of 4,325; gain 3474.

MILWAUKEE, Nov. 2. The Republican majority in the State will be 30,000 and a gain of one Republican Congressman.

OHIO.

COLUMBUS, Nov. 2. Returns from 150 precincts, wards and towns, show a net Republican gain of 2,000. The indications are that Garfield's majority in the State will not be less than 30,000.

One hundred and sixteen precincts show a net Republican gain of 2,597.

COLUMBUS, O., Nov. 2. There are indications of a Republican State majority of 35,000. In 60 precincts there is a net Republican gain of 763.

ARKANSAS.

LITTLE ROCK, Nov. 2. The indications are that all four Democratic Congressmen are elected. Hancock will carry the State by over 30,000.

GEORGIA.

AUGUSTA, Nov. 2. This county gives Hancock 1000 majority. It gave Tilden 2309 in 1876. It is probable that Hancock's majority will be 50,000 or 60,000. The indications are that the Democrats carry all the Congressional districts. At Johnson, South Carolina, a riot occurred between the whites and blacks in which one negro was killed and three wounded. A telegram is received from Aiken, S. C., stating that negroes threatened to burn that town to-night, and asking assistance.

PENNSYLVANIA.

PHILADELPHIA, Nov. 2. Twelve out of thirty-one wards in Philadelphia, give Garfield 15,426 majority, indicating a Republican majority of 25,000. This makes the State Republican by not less than 30,000 and probably 40,000.

PHILADELPHIA, Nov. 2. Gettysburg, Pa., gives Garfield 57 majority.

In the 19th Pennsylvania district Beltzhover, Dem., is elected by 5,700 majority.

TENNESSEE.

CHATTANOOGA, Nov. 2. Total vote of Chattanooga, 2625. It is the largest vote ever polled. The Republicans claim the election of their entire ticket by five hundred majority. Hayes' majority was two hundred and forty-six.

NASHVILLE, Nov. 2. The Republicans carry Chattanooga by an increased majority.

The count is very slow. The contest is between Hawkins, Republican, for Governor, and Wright, State credit Democrat. Wilson, Repudiation, candidate for Governor, is badly beaten. The Congressional delegation is re-elected except in the 1st and 10th districts, which are yet in doubt. Hancock's majority in the State will probably reach 40,000.

RHODE ISLAND.

PROVIDENCE, Nov. 2. At six o'clock P. M., partial returns from this city and six towns and two districts give Garfield a majority of 3347.

Rhode Island, lacking six towns, gives Garfield a majority of 6,032.

PROVIDENCE, Nov. 2. The returns from 14 towns and two voting districts, including this city, give Garfield 4408 majority. Nelson W. Aldrich is elected in the first, and Jonathan Chase in the second district—both Republicans.

PROVIDENCE, Nov. 2. Rhode Island complete give Garfield 7,263 majority; a Republican gain of 2,291 over Hayes.

NEW JERSEY.

NEW YORK, Nov. 2. Accounts from New Jersey indicate a very large vote, and that the Republicans have probably carried the State.

Passaic county gives a Republican majority of 1,300.

IOWA.

DES MOINES, Nov. 2. The election is progressing in Iowa quietly, a very large vote being polled. The ticket voted is the largest known in Iowa, an unusual number of amendments and questions being voted on. This will further delay counting in this State.

VERMONT.

WHITE RIVER JUNCTION, Nov. 2. Ninety-two towns give Garfield 25,543, Hancock 10,408; Weaver 735; majority for Garfield 14,400. Republican gain over 1876, 1,663; Democratic loss since 1876, 1,273.

NEW YORK.

NEW YORK, Nov. 2. Erie county gives Garfield 4000 majority. Twenty-three towns in New York give Garfield 3505 majority. Republican gain, 1745.

ALBANY, Nov. 2. The Republicans lose this Congressional district by 2000 majority.

NEW YORK, Nov. 2. Monroe County gives Garfield about 3,500 majority, a Republican gain of 1,900.

BUFFALO, N. Y., Nov. 2. Thirty-nine out of fifty-three election districts of this city gives Garfield 12,352, Hancock, 9,843; a Republican gain of 1,854.

Bust, Republican for Congress elected by 1,000 majority.

AUBURN, Nov. 2. Auburn complete gives Garfield 1,053 majority.

NEW YORK, Nov. 2. One hundred and eighty-seven city election districts give Grace, Democrat, for Mayor, 20,921; Dowd, Republican, 20,703.

Staats Zeitung (Dem.) considers the result of the election as the Sedan of the Democratic party.

NEW YORK, Nov. 2. Two hundred and forty-one towns and wards outside of New York and Brooklyn show a Republican gain of 8,844.

Returns from New York City and from two hundred and forty-one towns and wards in the State, indicate a Republican gain of 29,000 in the State.

Richmond County, including Staten Island, give 1,500 Democratic majority.

BROOKLYN, Nov. 2. This city gives Hancock 8,305 majority. This is a reduction of over 10,000 in the Democratic majority since 1876.

NEW YORK, Nov. 2—11 o'clock. The figures show Morton, Rep., elected over Girard, Dem., in the 11th district by an immense majority. In the seventh congressional district, Dugro, Dem., keeps ahead of Astor, Rep. Over 600 election districts out of 678 in the city show a Democratic majority of 32,000

UTICA, Nov. 2. Utica complete gives Hancock 149 majority.

ROCHESTER, Nov. 2. Garfield's estimated majority in this city, 1200.

NEW YORK, Nov. 2. Twenty-two wards in Brooklyn and town of New Lots give Hancock a majority of 3,961.

NEW YORK, Nov. 2. Clinton county complete gives Garfield 1840 majority; Republican gain, 1034. Putnam county complete give Garfield 329 majority; Republican gain 177.

MICHIGAN.

DETROIT, Nov. 2. Fifty-five towns and four interior cities, about one-twentieth of the State, show a Republican plurality of 3,100.

DELAWARE.

WILMINGTON, Del., Nov. 2. Returns received indicate a majority in the State of at least 1000 majority for Hancock. The Democrats will secure at least 14 of the 21 in the legislature and the probabilities are there will be a full State ticket elected.

NEVADA.

NEW YORK, Nov. 2. Marshall Jewell received a despatch from Nevada stating that the State had gone Republican, and from Missouri of the election of Van Horn to Congress and the reduction of the Democratic majority.

ILLINOIS.

CHICAGO, Nov. 2. Returns from thirty-four out of one hundred and fifty precincts in the city give a Republican majority of 3,514.

CHICAGO, Nov. 2. Returns from forty-two towns and precincts in Illinois, outside of Chicago, show a net Republican gain of 554.

NEBRASKA.

CHICAGO, Nov. 2. Returns from Nebraska indicate a Republican majority of from 2,000 to 2,500. Vance is re-elected Governor.

MINNESOTA.

In Minnesota twenty-three towns give Garfield 883 majority. The Republicans have carried St. Paul and St. Paul County. St. Paul is usually Democratic by 2,000.

VIRGINIA.

RICHMOND, Nov. 2. The Republicans gain one Congressman in Virginia.

COLORADO.

DENVER, Nov. 2. The Republicans carry the State probably by an increased majority.

GOLDEN CITY, Col., Nov. 2. Garfield 73 majority—a Republican gain of 250.

LONGMONT, Col. Nov. 2. Garfield 257, Hancock 140, Weaver 68.

TEXAS.

GALVESTON, Nov. 2. Democratic Congressmen are elected in the first, second, third, fourth and sixth districts. The fifth district is in doubt, although Shepherd, Dem., is thought to be elected by about 300 majority over Jones.

Great Rejoicing Among the Victors.

[Special despatch to the Whig and Courier.]

NEW HAVEN, Nov. 2—Midnight.

This State is for Garfield and Bigelow by 3,000 majority. All the Republican campaign clubs are parading the city. The enthusiasm is unbounded. M.

Greeting from Ohio.

OXFORD, O., Nov. 2.

To Hon. C. A. BOUTELLE, Bangor:

Ohio sends greeting, with thirty thousand majority for Garfield.

H. M. LOGEE.

From the Secretary of the Republican National Committee.

NEW YORK, Nov. 2.

C. A. Boutelle, Bangor, Maine.

We have carried New York by upwards of forty thousand; Pennsylvania by as large a majority; thirty-five hundred in Connecticut; in Indiana we hold our own; and we believe we have carried New Jersey, but returns are not sufficient to judge accurately. It looks now as though we had carried every Northern State.

S. W. DORSEY, Secretary.

THE NEW YORK HERALD ON THE SITUATION.

A Grave Danger Avoided.

NEW YORK, Nov. 2. The Herald says: "As we go to press the electoral votes of the following States are reported to be sure for the Republican ticket: Connecticut, Illinois, Indiana, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Nebraska, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Wisconsin; total, 202 electoral votes. In this list the votes of California, Colorado, Nevada and Oregon, in all 15, are not counted. They may all turn up for Garfield. The one great and grave danger to the country, a result so close as to be disputable, has been avoided; and for this all good citizens, all men who love their country, no matter for whom they voted, will be devoutly thankful.

"It is plain that the country does not fancy the "Solid South," and that it does not admire the lack of brains and principles for which the Democratic canvass was chiefly conspicuous. The Republicans have the Presidency and a working majority in both Houses of Congress."

MAINE NEWS.

LOCAL MATTERS.

Hurrah for the Queen City.

There was an election in this city yesterday.

The Democratic "barl" has evidently busted.

The regular monthly meeting of the City Government will occur next Tuesday evening.

Next Saturday Hon. W. B. Hayford and wife and Mr. Frank Hayford start for Colorado.

The old Spring street school house has nearly reached its new location in Abbot Square. Capt. Low is moving the building.

Everybody went home to vote yesterday and consequently the hotels have been rather slimly patronized for the past few days.

Yesterday morning a carpenter named Orison Rogers fell from the roof of a stable on Davis street, and it is feared that he was injured internally.

A New York engraver recently made this mistake: "Mr. and Mrs. ——— respectfully request your presents at the marriage of their daughter."

Regular business meeting of the Crusade this afternoon at half-past two. Prayer meeting open to the public at four o'clock, in the Reading room, Franklin street.

Seals are reported unusually plentiful and daring in the St. John's harbor. Just at daylight Monday morning a school of six came up the harbor as far as the Carleton ferry slip and furnished employment for a pair of revolvers for several moments.

One of our citizens remarked last evening that the members of the Hancock Legion would present a picturesque appearance next spring, with their red shirts and helmet hats, while shooting the rapids of the West Branch, on a spruce log.

It is reported that the Handel Association will hold their weekly rehearsals the coming winter. We sincerely hope it is true, as the Association has done much towards promoting the cultivation of music in our city, as well as giving our citizens the pleasure of attending some fine concerts.

Miss Annie Louise Cary made her autumn appearance in New York, Saturday afternoon, at the matinee as Leonora in "La Favorita." Her voice had not quite recovered from the recent illness; but apart from some unsteadiness and the inability to exert the full power of her voice, her singing was capital, and gained warm recognition from a somewhat scanty audience. Her acting was admirable.

EARNEST REPUBLICANS. Seven men in the employ of Hon. L. C. Flint, in his lumbering operation on "Square town," left his camp Sunday morning and walked to Monson Village, a distance of twenty-one miles, in the great rain storm of that day, for the purpose of voting for Garfield and Arthur. These men realize the difference between protection to American labor and "a tariff for revenue only."

PORTLAND, Nov. 2. One hundred and fifty-two towns give Garfield 41,426. Fusion 36,642, Weaver, etc., 1,288. The same towns in September, Republican 41,946, Fusion 37,647, scattering 338; Republican majority now 6,496, against September 3,961; Republican gain 2,535. This is over half the vote of the State, and indicates a Republican majority of between 4 000 and 5,000.

SWEDISH LADIES' COMBINATION. The concert to-morrow night by the original Swedish Ladies' Quartette, Walter Emerson, O. E. Skiff and T. P. Ryder, promises to be one of the most interesting of the season, and all lovers of good music should not fail to be present. Reserved seats are now for sale at Bugbee's. The Boston *Journal* says: The Swedish Ladies' Quartette, is an organization which at once found favor with the audience. The members of the Quartette not only possess remarkably fine voices, but they know how to use them with artistic effect. Their performances are the perfection of quartette singing.

BEAR ITEM. Mr. C. P. Wellman, driver of the Searsmont stage, gives this champion bear item: Saturday morning Searsmont was agitated by the report that a bear had been seen near the village. The monster made a savage foray upon a flock of sheep, killing several, and dug up the body of a buried ox and gorged himself upon it. A hunting party was at once organized, eager for a shot at bruin. The woods were scoured for several hours. In the afternoon a fine dog belonging to Mr. William Ripley was put on his track and in a short time his bearship was in close quarters. Four shots were fired. Samuel B. Hazelton fired the shot which finished him. The bear weighed 384½ pounds, and had a beautiful black skin.

A VENERABLE STALWART. Our venerable fellow-citizen Marcus Richardson, Esq., who was one hundred years old last Saturday, cast a straight Republican ticket yesterday. Mr. Richardson went to Medway, Mass., Thursday to pass his one hundredth birthday with his old lodge of Masons, he being the oldest member of the order living in the United States, and the occasion was a joyous one; but the old gentleman was determined that he would not be deprived of casting his ballot for an honest Government, and be returned to the city again yesterday on the boat. After arriving in the city he soon made his appearance at the polls, and deposited his ballot after having read it without the aid of glasses. Mr. Richardson was in excellent spirits after his long trip, and evidently enjoyed it thoroughly.

A TOUR BY RAILWAY MEN. On Thursday of this week several prominent New England Railway men propose to visit St. John, and subsequently go to Halifax, Quebec, Montreal and Toronto. The party will probably comprise the following gentlemen; Lucius Tuttle, general passenger and ticket agent, Mr. Berry, general freight agent and George F. Thompson, traveling passenger agent of the Eastern Railroad: Payson Tucker, superintendent of the Maine Central R. R.; Frank W. Cram, superintendent of the E. & N. A. R.; J. Fred Leavitt, general ticket agent of the E. & N. A. R.; and J. Murray Kay, manager of the St. John & Maine Railway, who is now in Bangor. At St. John the party will be joined by H. D. McLeod superintendent of the St. John & Maine Railway.

THE RAIN. The Kennebec *Journal* says: The much needed October rains have had a marked effect upon the Kennebec. The river is now quite high. During the dry spell there was almost a water famine in some sections of the country. Even at the Insane Asylum it was deemed prudent to haul water from the river for lavatory purposes, and to carefully husband the daily diminishing supply in the reservoir. In the field north of the road, a slender thread of water trickles up to the surface at one point. Here under direction of Captain Lakin, last week workmen commenced boring with a 17-inch augur. At the depth of 28 feet they struck a natural cistern. A three-ince pipe was put down and connected with the steam pump at the engine house. Pumping began Thursday and continued nine hours a day for three days, at the rate of two barrels a minute. The reservoir has been filled. The water is as pure as crystal, and the supply is apparently inexhaustible. It is quite a liquid bonanza.

AMUSEMENTS.

M'liss.

The fact that another large audience greeted Miss Pixley last evening, when everyone was anxious to hear the election news, speaks more forcibly than any words of ours of the popularity of this charming actress. It possible she was more fascinating than on the previous evening, and her fine acting, one moment bubbling over with mirth and then appealing to the sympathies of the audience, called forth the most enthusiastic applause. The company is a strong one and rendered their parts in a highly satisfactory manner. Miss Pixley made many friends on this her first visit to Bangor, and she is sure of a cordial welcome whenever she comes this way again, which we hope will be in the near future.

Notable Nuptials.

Monday afternoon, Miss Fannie J. Chaffee, the only child of ex-Senator Jerome B. Chaffee, of Colorado, was married to Ulysses S. Grant, Jr., second son of ex-President Grant. The marriage was celebrated at 26 West Fifty-eighth street, New York, a handsome brown stone mansion, furnished in the most elegant style thro'-out, a present to the bride from her father. The ceremony was performed by Rev. Dr. John C. Newman, of the Central M. E. Church, of New York. The wedding was private, there being present only the President and Mrs. Grant, Col. Fred Grant and wife, Hon. S. B. Elkins and wife, and J. F. Seymour and wife of Michigan, Mrs. Seymour being an aunt of the bride, and D. H. Moffat, Jr., of Denver. The happy couple make New York city their future home, the bridegroom being a member of the law firm of Davies, Work, McNamee & Hilton, beside being engaged in other business. The wedding tour will include a trip to Mexico via Havana and Yucatan, young Grant having important interests in Mexico. On their return they will stop at the principal cities of the South.

THE RESULT IN BANGOR!

THE REPUBLICANS JUBILANT!

The weather yesterday morning opened bright and clear in this city, as if the very heavens were smiling at the utter route in store for the Democratic party. The voting proceeded quietly throughout the day, and it was evident at an early hour that the Democrats were entirely demoralized, as many of the chief fuglers who are usually to be found about the polls, took a back seat and were only noticeable by their absence. The Republicans worked nobly and their efforts were gloriously crowned with success, the Queen City rolling up the handsome plurality of **430** for Garfield and Arthur, our next President and Vice President. This is a gain of **289** over the September election.

The Republicans naturally feel very jubilant, and were in excellent spirits last evening to receive the glorious news which came over the wires from all parts of the country. The WHIG office was literally packed until the close of the entertainment when an adjournment was made to Norombega, where a love feast was held. Brief remarks were made by several of our citizens and every one was happy.

At a late hour the meeting adjourned, the older citizens going home to sleep over the news, while the younger members secured some very musical tin horns and celebrated the victory.

Law Decision.

In the case of John Hodgdon vs. Albert A. Burleigh & al., tried before the Circuit Court of the United States at Portland, last year, and argued on the first of September last, the Court on Monday rendered an elaborate opinion giving judgment for tenants with costs. The case was one involving the title of a large portion of Township No. 8, Range 3, under State tax deeds. Very many points relating to tax proceedings were raised and decided resulting as above indicated.

ALMOST FATAL. Saturday a young man by the name of Bradbury, visiting his grandfather, Capt. Jotham Bradbury in Augusta, had a very narrow escape from death by poison. He was stuffing birds and used arsenic in connection with his work. This being in an uncocked bottle he placed it in his coat pocket. A short time after, having an apple partly eaten, his attention was called to something else and he placed the apple in the same pocket. He finished eating the apple a short time afterwards and with it a large dose of the poison. That he took an overdose was what saved his life, in all probability.

ALMOST YOUNG AGAIN.

My mother was afflicted a long time with Neuralgia and a dull, heavy inactive condition of the whole system; headache, nervous prostration, and was almost helpless. No physicians or medicines did her any good. Three months ago she began to use Hop Bitters, with such good effect that she seems and feels young again, although over 70 years old. We think there is no other medicine fit to use in the family."—A lady in Providence, R. I.—*Journal.*

ONE GREAT DEED IS ENOUGH.

Watts invented the steam engine; Morse the electric telegraph; Whitney the cotton gin; and Dr. David Kennedy, of Rondout, N. Y., discovered and prepared the "Favorite Remedy," which is worth more than all of them, because it saves life and cures disease. It purifies the blood, drives bile from the system, cures those delicate diseases peculiar to women, and is in short a sheet-anchor in every household. No other medicine equals it or can take its place. Don't spend your money in paying doctors, when for One Dollar a bottle you can have the "Favorite Remedy" always on your shelf. d&w2w oct20

GET OUT DOORS.

The close confinement of all factory work, gives the operatives pallid faces, poor appetite, languid, miserable feelings, poor blood, inactive liver, kidneys and urinary troubles, and all the physicians and medicine in the world cannot help them unless they get out doors or use Hop Bitters, the purest and best remedy, especially for such cases, having abundance of health, sunshine and rosy cheeks in them. They cost but a trifle. See another column.—Christian Recorder.

STILL ALIVE.

This certifies that I had been troubled with cancer of the womb between one and two years. I consulted the best physicians in Waterville and they thought I might have help. The day for the surgical operation was set, and all necessary arrangements made. Four doctors came, and upon a thorough examination decided it would not be safe to operate, leaving me entirely without a hope. While in this hour of despondency, some of the neighbors told me of Dr. Tibbetts of Pittsfield, Maine, who made a specialty of removing cancers. My thoughts were these: that Dr. T. lived back in the country and did not know much about cancers—*especially mine*, and I did not then employ him. My friends advised me to go to Portland Hospital. I consented, my family physician being present when the operation was performed. I remained there two weeks. (This was in May, 1880.) After returning home I soon began to fail. The doctor was called from one to three times a day to stop the flow of blood. Finally he told my folks that there was no possible help for me. I was so very low that I gave up all hope of ever getting well, and gave my friends such of my things as I wanted them to have. Still I lingered along, and finally my folks wrote to Dr. Tibbetts for advice. His reply was, that it was in a very bad locality to treat, and if treated by him he should depend largely upon a blood purifier put up by him. I thought the matter over a few days and then concluded to send for him. He came; I talked with him, he considering my chances for recovering very poor. He left me some medicine to take, also something to stop the bleeding and discharge, which at this time was very offensive. It worked like a charm, and in a very few days the bleeding and discharge entirely ceased, and my room, instead of being offensive, became sweet and pure. In a few days the doctor came again, but this time giving me no encouragement. I, however, felt sure the medicine was having good effect. The third time he came I prevailed upon him to commence to treat me. Without giving me the slightest hope he consented to apply his cancer medicine. In two days he came again; thought it was doing well. He still continued his visits, soon giving me some assurance that my end was not so near as he himself had mentally predicted. On the 14th of Oct. there was a cancer came away with no other agency than the medicine applied, which was five and one half inches long and five inches in circumference. In five days from this time I was able to take a ride. The doctor told me from the first application how it would work. The progress of his treatment in every particular verified his word. My advice to all similarly afflicted is to employ Dr. Tibbetts at once, and never submit themselves to any treatment of the lance or caustic. I firmly believe had I consulted Dr. T. in the first stage of my trouble, instead of coming to the point where death seemed inevitable, I might have received at his hands a radical cure in a comparatively short time.

"MAY GOD BLESS AND REWARD YOU."

The physicians hear such a benediction sometimes, and it is very sweet even to a professional ear. Mrs. S. A. McIlwain, of Fergusonville, N. Y., wrote thus to Dr. David Kennedy, of Rondout, N. Y., after his "Favorite Remedy" had rescued her from the borders of death. In her spasms and sinking spells her friends often thought she was already dead. Women are often afflicted in this way. The trouble is commonly in the blood. Lose no precious time, dear woman, but get the "Favorite Remedy" of your druggist, or enclose One Dollar to the Doctor at the above address.

MARRY A GENTLEMAN.

Marry a gentleman,
Girls, if you can;
Minded and built
On the generous plan.
Though he may neither
Have silver or gold!
Title or fortune,
"To have or to hold."

Though he may labor
With spade and with hoe,
Though he may naught
But his mother tongue know,
Though he live under
Society's ban,
Marry a gentleman,
Girls, if you can.

Marry a gentleman,
Girls, if you can,
Gentle and tender
Though no less a man,
One who will treasure,
His child or his wife,
Scorning to rob them
Of sweetness in life.

One who will never
The brute's part assume
Filling his household
With sorrow and gloom,
If on love's altar,
The flame you would fan,
Marry a gentleman,
Girls, if you can.

You will be happy,
And you will be glad,
Though he only
Be commonly clad,
Pleasure is fleeting,
And life but a span—
Marry a gentleman,
Girls, if you can.

PRESENCE OF MIND. There is nothing like presence of mind after all. The other day during a tremendous shower, a gentleman entered a fashionable New York club, bearing a splendid ivory-handled silk umbrella, which he put on the rack. Instantly another gentleman, who was mourning the untimely abstraction of just such an article, jumped up "Will you allow me to look at that" he said sternly. "Certainly," remarked the umbrella carrier. "I was just taking it to the police headquarters. I was left in my house last night by a burglar whom we frightened off. I hope it will prove a first-rate clue." And as the exasperated owner could plainly see where his name had been scratched off the handle, he sat down and changed the subject.

BUTTER. The state of the butter market this year is certainly most encouraging to dairy farmers. Last year at this time the best butter at wholesale brought seventeen cents per pound and good sold at fifteen, netting farmers about three fourths of a cent per quart for milk. There were large stocks on hand through the country, and not less than 600 000 tubs on ice in Boston. At the present time the wholesale price for best butter, is from twenty six to twenty eight cents for best, and good brings twenty five, netting about two cents per quart for milk. The exporters took seventy five thousand tubs for the English market during the month of June and there are very light stocks in all the cities. The best posted parties in New York say thirty cents will be the ruling price for the fall market in the dairy sections.

PARLOR FURNITURE. Nothing gives so dismal and inhospitable an appearance to a sitting room as to have the chairs and sofa or couch covered with stiff, unfriendly-looking linen but pretty furniture that is used constantly must be protected in some way, and there are many coverings which are really ornamental. For instance, a couch may be kept from fading by taking a piece of Turkish towelling the required length. Put scallops of flannel on the edge, a border or centrepiece, or simply a vine worked in some bright color across the ends make a pretty addition to it. Tidies that are very serviceable may be made of brown linen with an applique stripe of cretonne flowers or scroll. The easiest and most satisfactory way to prepare cretonne for transferring is to first work the figure that is to be cut out with the button-hole stitch and then cut around that. When it is placed upon broadcloth or any material which does not require washing, sew it with long stitches on the wrong side, but when transferring to the linen sew it firmly so that it will keep its place when washed. The tidies may be finished prettily by putting fringe or yellow lace across the ends, turn down a hem on the sides and featherstitch with worsted or working cotton.

LETTER CARRIERS.

All letters are delivered free by carriers when addressed to street and number. People should inform their correspondents of above and have their letters addressed accordingly.

Persons leaving their address at the General Delivery can also have their letters sent, but it is much more convenient to have the street and number on and they will be delivered earlier than if the same is put on at the office. Carriers make two deliveries daily, the first trip supplying the extremes of their routes.

Collections are made morning and evening in season for important mails.

Hob lays the Carrier's Window will be open for the delivery of letters from 8½ to 9½ A. M., and from 1½ to 5½ P. M. Sundays from 8½ to 9½ A. M.
